PROFESSIONAL PROFILE

Associate Professor and industrial engineering researcher with experience in quality management, lean manufacturing, production systems, project management, and higher education. Has worked in automotive manufacturing, integrated management systems, quality assurance, and university teaching.

EDUCATION

2012–2014 | PhD in Engineering Sciences, Industrial Engineering
Thesis: Contributions to applying modern quality management methods in automotive component production · University Politehnica of Bucharest
1996–2001 | Engineer's degree, Economic Engineering
Engineering and Management of Production Systems · University Politehnica of Bucharest
1991–1995 | High school diploma
Physics and Chemistry · Vlaicu Vodă National College, Curtea de Argeș

PROFESSIONAL EXPERIENCE

October, 2020 - present | Associate professor within Manufacturing and Industrial Management Department Faculty of Mechanics and Technology, University of Pitesti

University of Pitesti, Târgu din Vale, no. 1, cod 110040, Pitesti, Arges, Romania. Teaching courses and applications to the disciplines Basics of management, Project management, Economic analysis, Engineering and management of production systems, Logistics project management, Quality management, Organization of logistics flows, Quality and audit of processes Sector: Higher technical education and scientific research.

November, 2011 - 2024 | Responsible / Consultant of Integrated Management System for Quality, Health, Safety and Environmental (QHSE)

Piroux Industrie Romania, Calea Câmpulung nr. 55A, sat Clucereasa, Mioveni, Argeș. Internal Audits, Responsible of Internal Quality, Waste Management Sector: Metalworking Cataphoresis - painting – machining: parts for automotive, nuclear industry, trucks, military industry.

May – December, 2019 | Responsible for development and implementation of the evaluation methodology Responsible for developing quality management tools

University of Pitesti, Târgu din Vale, no. 1, cod 110040, Pitesti, Arges, Romania. Coordination the implementation of the activities: Development and implementation of an online system of continuous assessment by students; Development and implementation of a UPIT code of procedures on the development and monitoring of specific processes in accordance with the requirements of the new ARACIS standards. Project: Quality improvement of the educational process by implementing some mechanisms and online evaluation activities within the University of Pitesti – UPIT. Sector: Quality assurance in higher education.

February, 2012 - February, 2013 | Trainer

FiaTest, Bucharest. Trainer for Ford Craiova Romania: Ford Production System, Ford Total Productive Maintenance, 5S and Visual Company, Lean Management, Kaizen, Kanban, Poka Yoke, Policy Deployment, Presentation Skills, Effective meetings Sector: Consultation, training and management of projects.

June, 2005 – June, 2006 | Quality Engineering

Euro Auto Plastic System Romania - joint venture – AD Plastik (Croatia) – Simoldes Plasticos (Portugal) tier 1 supplier for Dacia - Renault. Internal Audits, Responsible of Internal Quality, Quality Management System Sector: Production of plastic and textiles parts for automotive.

2009 – October, 2020 | Lecturer, Manufacturing and Industrial Management Department

University of Pitesti, Târgu din Vale, no. 1, cod 110040, Pitesti, Arges, Romania. Teaching courses and applications to the disciplines: Basics of management, Economic analysis, Production project management, Production engineering and management, Logistics project management, Quality management, Product design Sector: Higher technical education and scientific research.

February, 2004 – October, 2009 | Assistant Professor within Technology and Management Department, Faculty of Mechanics and Technology, University of Pitesti

University of Pitesti, Târgu din Vale, no. 1, cod 110040, Pitesti, Arges, Romania. Teaching courses and applications to the disciplines: Basics of management, Economic analysis, Production project management, Production engineering and management, Human resources management, Quality management, Ergonomics. Sector: Higher technical education and scientific research.

October, 2001 – February, 2004 | Junior teacher within Technology and Management Department, Faculty of Mechanics and Technology, University of Pitesti

University of Pitesti, Târgu din Vale, no. 1, cod 110040, Pitesti, Arges, Romania. Teaching applications to the disciplines: Basics of management, Economic analysis, Production project management, Human resources management, Technical drawing, Technological practice. Sector: Higher technical education and scientific research.

OTHER PROFESSIONAL ACTIVITIES

- Quality responsible of the department.
- Guiding students work on graduation projects.
- Guidance of students each year in order to realize scientific papers which were presented and awarded at the Student Scientific Sessions and National / International Competitions for Students.
- Coordination of the practical activities of the students.
- Constant participation in the graduation committees as member and as secretary of the commission.
- Guiding study groups of students. Participation in the doctoral committee for Industrial Engineering field. Participation in the national and international projects.

PROFESSIONAL DEVELOPMENT

17 February, 2025 | Oracle Primavera P6, Basic & Advanced | FIA Integra SRL, Bucharest

18-20 March, 2025 | Internal Process Auditors, IATF 16949:2016 and FIEV 2.0:2014 | Calitop, Cluj-Napoca, Cluj

17-18 June, 2024 | Advanced Product Quality Planning (APQP) & Control Plan, 2024 | Hans Trunkenpolz + Associates

July, 09, 2020 | ISO 31000:2018 Risk management — Guidelines - ISO | Dinamic Consult 2005

April, 02, 2018 | IATF 16949 : 2016 Requirements | Dinamic Consult 2005

February, October, 2018 | Motivation and conflict management | Raiffeisen Bank SA, CATALIZATOR Program - Program for entrepreneurs with great ideas

February – June, 2017 | Team management, organizational strategy, organizational culture, financial management, business development, visual identity and social media | Raiffeisen Bank SA, CATALIZATOR Program - Program for entrepreneurs with great ideas

November, 17, 18, 2016 | Transition to the new requirements of ISO 9001: 2015 and ISO 14001: 2015 for process managers | SC Rina Simtex – Organismul de certificare SRL, Bucharest

June, 29, September, 07, 16 2016 | Seminar: Kaizen Basics, Quality (SSP / FMEA Tools) Workplace organization 5S and ergonomics | EU - Japan Centre & the Kaizen Institute GmbH

June-July, 2014 | The 21 irrefutable laws of Leadership John Maxwell | SC ATVA SRL, Pitești

November, 14, 15, 2013 | Training and awareness program in quality assurance in Distance Education | Univ. Spiru Haret - POSDRU / 86 / 1.2 / S / 60720

April, 26-30, 2013 | Responsible of Waste Management | SC ATVA SRL, Pitești

May, 2007 | Certificate of Graduation | TotalSoft, Bucharest

May 2006 | Nanotechnologies in Romania and within the FP6 program. Design and management of European projects | University Politehnica of Bucharest Center for Advanced Technologies (CTANM)

May, 2006 | L'élargissement de l'Union européenne à l'Est : l'adhésion de la Roumanie. Le point de vue de la France et de l'Allemagne. | University of Pitesti

November, 11 – December, 03, 2005 | Internal Auditor ISOTS 16949, ISO 19011 | Calitop, Cluj-Napoca

July, 2005, 1 week | ISO 9001 & ISOTS 16949 Quality Management System implementation | Simoldes - Plásticos, S.A., Oliveira de Azeméis, Portugal

SCIENTIFIC ACTIVITY

Research fields: Quality management Lean Manufacturing, Project management, Engineering and production systems management, Industry 4.0, Industry 5.0

4 books and 9 teaching materials

140 scientific articles published in journals or in volumes of international/national conferences (over 30 as first author), 8 in Q1 & Q2, 80 in volumes of ISI Web of Science (Thomson Reuters), 50 – Scopus.

PROJECTS AND GRANTS

International project responsible: Cost-Efficient Data Collection for Smart Grid and Revenue Assurance CARA_SG, ID: ERANet SMartGridPlus Cofund-77594-CARA_SG-2, stage: Building the pilot and operation, ID: PN III Program – European and International Cooperation - Subprogram 3.2 - Horizon 2020, ERANET, Beneficiary: MINcom Smart Solutions GmbH, 2018, field: ERANET SMARTGRID. National project responsible: Smart control of manufacturing processes and inspection of the complex parts used in automotive and aerospace industries, PN III, Program 1. Developing the national R & D system, Subprogram 1.2. Institutional performance - Institutional development projects - Complex projects carried out in RDI consortia., beneficiary: Univ. "V. Alecsandri" Bacău, 2018, field: New and emerging technologies. Responsible for development and implementation of the evaluation methodology; Responsible for developing quality management tools in the project: Quality improvement of the educational process by implementing some mechanisms and online evaluation activities within the University of Pitesti: CNFIS-FDI-2019-0717. Member of the research teams for 4 projects developed within the National Research – Development and Innovation Plan III for 2015-2020. Member of the research team for Towards Higher INvolvement of Knowledge Significantly Enhancing Nearer for Sustainable Europe ("THINKSENSE"), National University of Science and Technology POLITEHNICA Bucharest - Important Project of Common European Interest (IPCEI) on Microelectronics and Communication Technologies (ME/CT)/ Robert Bosch SRL/ December 2025 -- 2028.

AWARDS AND REVIEWING

- Certificate of Recognition and Appreciation - to the paper: "Monitoring of manufacturing processes in the automotive industry using indoor location system", LM Ionescu, N Belu, N Rachieru, AGh Mazăre, D-C Anghel - II Award - Section – Engineering of Manufacturing Processes, June 15-18, Iași, Romania, ModTech 2016 International Conference - Award Certificate to the paper: An approach with genetic algorithms to improve the workstation space planning, N Belu, EL Nitu, AC Gavriluta, LM Ionescu, June 19th-22nd, Iași, Romania, ModTech2019 International Conference - Award Certificate to the paper: Risk-cost model for FMEA approach through Genetic algorithms – A case study in automotive industry, N Belu, L M Ionescu and N Rachieru, The 23rd edition of IManEE 2019 International Conference May 22 – 24, 2019 Pitesti, Romania - Award Certificate to the paper, III Award - Section D Interface for Data Protection and Integrity in IoT Equipment for Industry, N. Belu, L.M. Ionescu, A.G. Mazare, Modern Technologies in Industrial Engineering, ModTech 2020, June 23-27, 2020, Online edition, Romania. Certificate of Reviewing in recognition of the review contributed to the journal The Editors of Computer Networks, 2019. Certificate of Reviewing journal: Mathematics, Journal of Marine Science and Engineering, journal Energies, Algorithms, Processes, Sustainability, Machines, Agronomy, Sensors, Water, Applied Sciences, Electronics, Logistics.

PERSONAL AND PROFESSIONAL SKILLS

Mother tongue: Romanian. Languages: English (C1), French (B1), German (B1).

Social skills: Good communication with partners, tenacity, and team spirit – acquire as member of research projects and audit teams in automotive industry.

Organisational skills: Research management; Responsible of Integrated Management System for Quality, Health, Safety and Environmental (QHSE) in automotive industry; Responsible of audit.

Technical skills: Quality management, Project management, Engineering and management of production systems, Industry 4.0, Industry 5.0

Digital skills: Microsoft Office, Primavera Project Planner

Other interests: Chess, Handball
