RESEARCH INTERESTS

Manufacturing processes and equipment
Plastic deformation and friction stir welding
Production systems and logistics
Lean manufacturing

LANGUAGES

Romanian Native
French C1
English B1

PROFESSIONAL PROFILES

ResearchGate Eduard-Laurentiu-Nitu-2

Eduard Laurențiu NIȚU

Full Professor, Habilitated Doctor, Engineer

National University of Science and Technology POLITEHNICA Bucharest, Pitești
University Centre · Department of Manufacturing and Industrial Management

Director of the Doctoral School of Industrial Engineering

EDUCATION

Habilitation in Industrial Engineering · 2015

PhD in Materials Science and Engineering · 2000 National Polytechnic Institute of Toulouse, France; joint supervision with POLITEHNICA University of Bucharest. Structural analysis by electron microscopy and X-ray diffraction (1996–2000).

PhD in Industrial Engineering · 2000 POLITEHNICA University of Bucharest; joint supervision with INP Toulouse. Cold volumetric plastic deformation processes (1994–2000).

Mechanical Engineer · 1991 Manufacturing Engineering, Polytechnic Institute of Bucharest (1986–1991).

Baccalaureate · 1985 Mathematics and physics, Nicolae Bălcescu High School, Pitești.

PROFESSIONAL EXPERIENCE

Full Professor · since 2016 National University of Science and Technology POLITEHNICA Bucharest, Pitești University Centre

Associate Professor · 2004–2016

Lecturer · 1998–2004

Assistant Professor · 1994–1998

Scientific Preparer · 1991–1994

ACADEMIC LEADERSHIP

Director, Doctoral School of Industrial Engineering · since Sep 2022

Vice-Rector for Scientific Research and Computerisation · 2016–2020

Director, Manufacturing and Industrial Management Department · 2008–2016

ARACIS expert evaluator · since 2011 External assessment of bachelor's, master's and doctoral programmes.

ACADEMIC PROGRAMMES

Industrial Economic Engineering · BSc (2010–2013; 2018–present)

Logistics Management · MSc (2007–2017)

Industrial Engineering · PhD (2017–present)

TEACHING AREAS

Manufacturing technologies

Production systems and logistics flows

Production and inventory management

SCIENTIFIC INDICATORS

21 Web of Science journal articles (9 lead author)

9 Q1 or Q2 articles (6 lead author)

More than 40 WoS proceedings papers

More than 60 other indexed papers

6 national patents

BOOKS AND TEACHING MATERIALS

14 specialised books (4 as lead author, 4 as editor, 3 in international editions);

14 educational materials (13 as lead author).

RESEARCH AND DOCTORAL SUPERVISION

Manufacturing technologies (machining, plastic deformation, friction stir welding), production system organisation and continuous improvement through lean manufacturing.

Supervised 2 postdoctoral researchers and 11 doctoral students: 5 theses defended, including one international joint supervision; 6 ongoing, including one joint supervision with ENSTA Brest.

Head of the Production Engineering and Management research programme at the Regional Research and Development Centre for Innovative Materials, Processes and Products for the Automotive Industry.

RESEARCH PROJECTS AND PATENTS

- Director of 3 nationally funded projects, including Experimental Characterisation and Numerical Modelling of Complex Cold-Rolled Profiles with the University of Lorraine (2009–2010).
- Research team member in 18 other projects, including numerical simulation of friction stir welding with ENSTA Bretagne (2019–2021).
- Six national patents: RO126192/2014, RO126193/2014, RO130221/2017, RO132503/2020, RO134622/2022 and RO134685/2022; first author on one.

INTERNATIONAL AND INDUSTRY PARTNERSHIPS

Dacia–Renault · 2006–2010 Partnership supporting the Logistics Management master's programme, developed with UTBM and Paul Verlaine University of Metz, and a specialised book on automotive component manufacturing.

University of Lorraine, Metz · since 2011 Teaching, master's research internships, Erasmus mobility and joint projects with the Laboratory of Industrial Engineering, Production and Maintenance.

ENSTA Bretagne, Brest · since 2014 Teaching in master's programmes, research internships, Erasmus mobility and collaborative projects.

EDITORIAL AND SCIENTIFIC SERVICE

Reviewer for journals including Proceedings of the Institution of Mechanical Engineers Parts B and L, Production and Manufacturing Research, Steel Research International, Systems, Sustainability, Applied Sciences, Journal of Composites Science and Coatings.

Scientific committee member for IManEE, ICAMaT, CoSME, TEHNOMUS, NewTech and other international conferences.

Editorial board member: Journal of Engineering Sciences and The Annals of “Dunărea de Jos” University of Galați, Fascicle V.

INTERNATIONAL TEACHING AND RESEARCH MOBILITY

Visiting Professor · University of Lorraine, Metz · Nov 2025 Teaching and research at the Laboratory of Computer Engineering, Production and Maintenance.

Teaching · UTBM, France · Mar 2022 and Mar 2023 Industrial Logistics, bachelor's level.

Teaching · University of Lorraine, Metz · 2012–2024 Eight teaching visits in Industrial Systems Engineering at master's level.

Research · ENSTA Bretagne, Brest · 2014–2023 Six research internships at the Laboratory of Mechanics and Systems.

Research · Paul Verlaine University of Metz · 2009 and 2010 Material behaviour during plastic deformation and numerical simulation of deformation processes.

TRAINING AND TECHNICAL SKILLS

- Quality assurance and internationalisation of higher education, ARACIS.
- Mechanical part manufacturing, industrial systems and ergonomic workstation analysis, Dacia–Renault.
- ERP systems ABAS and MFG-PRO; Siemens NX CAD, NX CAM and Tecnomatix.
- Process design and organisation; lean manufacturing.

PROFESSIONAL MEMBERSHIPS AND ROLES

- Founding member of the Romanian Association of Managers and Economic Engineers (AMIER), since 2002.
- Member of the Modern Manufacturing Technologies Association (ModTech), since 2011.
- Member of CNATDCU Commission 16 for Production Engineering and Management, since 2024.
- France Alumni Ambassador to the French Institute of Romania, since 2025.

PERSONAL COMPETENCIES

Communication and teamwork; initiative, punctuality, attention to detail and decision making.
