

Abrevieri tehnice și logistice uzuale

- **EEL** – Ergonomia Echipamentelor Logistice
- **EL** – Echipamente Logistice
- **MMH** – Manual Material Handling (manipulare manuală a materialelor)
- **MHE** – Material Handling Equipment (echipamente de manipulare)
- **WMS** – Warehouse Management System
- **ERP** – Enterprise Resource Planning
- **SCM** – Supply Chain Management

Abrevieri din ergonomie și factori umani

- **HF** – Human Factors
- **HMI** – Human–Machine Interface
- **UI** – User Interface
- **UX** – User Experience
- **RULA** – Rapid Upper Limb Assessment
- **REBA** – Rapid Entire Body Assessment
- **OWAS** – Ovako Working Posture Analysis System

Abrevieri tehnice și industriale

- **CAD** – Computer-Aided Design
- **CAM** – Computer-Aided Manufacturing
- **CNC** – Computer Numerical Control
- **PLM** – Product Lifecycle Management
- **MES** – Manufacturing Execution System

Abrevieri legate de performanță și analiză

- **KPI** – Key Performance Indicators
- **OEE** – Overall Equipment Effectiveness
- **MTM** – Methods-Time Measurement
- **TWI** – Training Within Industry

Abrevieri legate de siguranță și mediu

- **EHS** – Environment, Health and Safety
- **PPE** – Personal Protective Equipment
- **ISO** – International Organization for Standardization
- **EN** – European Norm

Abrevieri moderne (Industry 4.0 / 5.0)

- **I4.0** – Industry 4.0
- **I5.0** – Industry 5.0
- **IoT** – Internet of Things
- **AI** – Artificial Intelligence
- **DT** – Digital Twin
