EDUCATION AND TRAINING

Habilitation to supervise doctoral research (2022)

Industrial Engineering.

PhD in Industrial Engineering and Mechanics

University of Pitești and University of Metz.

Franco-Romanian MSc in Materials Science and Technology (2000–2002)

University of Pitești and University of Metz.

BSc in Industrial Engineering (1995–2000)

University of Pitești, Faculty of Mechanics and Technology.

PROFESSIONAL EXPERIENCE

Professor of Industrial Engineering | POLITEHNICA Bucharest, Pitești University Centre

University teaching, research and doctoral supervision in manufacturing and industrial engineering.

Associate Professor (2016–2022); Lecturer (2007–2016)

Faculty of Mechanics and Technology, University of Pitești.

Assistant Professor (2003–2007); Laboratory Assistant (2000–2003)

University of Pitești.

Academic management

Head of the Department of Manufacturing and Industrial Management; former Vice Dean (May 2016–October 2019).

RESEARCH INTERESTS

Friction stir welding; incremental forming; cold forming; materials processing; additive manufacturing and industrial design.

RESEARCH PROJECTS

Led a Romania–France FSW numerical modelling project (2019–2020), an automotive incremental forming project (2018–2020), and the INOVA-FSW project (2014–2017). Participated in research on AI-assisted automotive component design for 3D printing.

SCIENTIFIC OUTPUT

Author or co-author of 118 scientific articles and six approved patents (figures reported in the 2025 CV).

INTERNATIONAL MOBILITY

Training and research visits at the University of Metz and ENSTA Bretagne, France.
