GINA-MIHAELA SICOE

Senior Lecturer, PhD | Industrial Engineering

National University of Science and Technology POLITEHNICA Bucharest – Pitești
University Centre, Faculty of Mechanics and Technology

EDUCATION AND TRAINING

PhD in Industrial Engineering (2009–2012)

University of Pitești. Research on cold volumetric forming of profiles using planetary rollers.

Engineering degree in Industrial Engineering and Management (2004–2009)

University of Pitești.

Baccalaureate in Mathematics and Computer Science (2000–2004)

Ion Barbu Theoretical High School.

PROFESSIONAL EXPERIENCE

Senior Lecturer | University of Pitești / POLITEHNICA Bucharest, Pitești University Centre (2019–present)

Teaches manufacturing technologies, dimensional control and tolerances, functional design, operations research, CAD and CAM. Supervises undergraduate and master's projects; coordinates student scientific activities, practical training and the Computer Graphics and CAD Laboratory.

Assistant Lecturer | University of Pitești (2012–2019)

Taught and supervised laboratory classes in CAD, product design, ergonomics, CAM and operations research. Supervised degree and dissertation work and served on examination committees.

RESEARCH INTERESTS

Cold volumetric forming of profiles; 3D printing; dimensional accuracy; manufacturing processes and ergonomics.

SELECTED PUBLICATIONS

2025 Sicoe, G.-M.; Dorbane, A.; Anghel, D.-C.

Exploring the Effects of Thermal Cycling on the Precision of 3D-Printed Parts: A Comprehensive Analysis. Applied Sciences 15(24), 12955. <https://doi.org/10.3390/app152412955>

2024 Șerb, M.-R.; Sicoe, G.-M.; Anghel, D.-C.

Advanced Perspectives on Ergonomic Risk Assessment: From Classical Techniques to Intelligent Systems. Scientific Bulletin – Automotive Series, 34. <https://doi.org/10.26825/bup.ar.2024.007>

2024 Sicoe, G.-M.; Anghel, D.-C.

Ergonomic Optimization of a 3D Printing Workstation Through the Reorganization of Raw Material Storage. Scientific Bulletin – Automotive Series, 34. <https://doi.org/10.26825/bup.ar.2024.006>

RESEARCH PROJECTS AND PATENTS

Member of national projects on cold forming of complex profiles (2009–2011) and friction stir welding of automotive materials (INOVA-FSW). Co-inventor of Romanian patent RO 126193 (2014).

TECHNICAL SKILLS

Microsoft Office; Abaqus; CATIA; AutoCAD; Coroguide.

LANGUAGES

Romanian: native | English: good working proficiency | French: intermediate.
